MEMORANDUM FOR THE DIRECTOR

I thought you would be interested in knowing that Jack
Earman, Bob Bannerman, and I spent two or three hours today
talking with Dr. J. Sterling Livingston. I think that he can be
helpful to us in the examination of our procurement program,
and he is interested in doing so. I expect to receive a proposal
from him within the next several days and am sure that we can
enter into some contractual arrangement for his participation
in the survey the Inspector General is now making of our procurement program.

L. K. White
